

# December

Mme. Thoms & Mme. Harrison

December is here and it is sure to be a busy month. Please review calendar for special dates as well as the school newsletter online for additional information. May your heart and home be filled with all of the joys the festive season brings. Wishing you a Merry Christmas and a wonderful New Year.

## Advent

Our focus this month will be on advent and the coming of Jesus. Each week we will have a Advent celebration in class in preparation for Jesus' coming. We will introduce the advent wreath, the meaning of the 4 candles and discuss the story of Jesus birth.

## Reminders

- In December we will have a festive Friday each week, please see calendar for more info.
- The star of the week will be posted on the calendar now going forward.
- Please remember to dress your child for the weather as we go outside for outdoor classroom each day in addition to recess time. We do not have a heater to dry mittens, please send extras on snowy days.

## Learning focus

We will continue to explore numbers 6-10 through games and activities. Our math centers this month will be a review of the various math strands we have covered so far this year. We are moving on to our sight words in literacy (je, moi, dit, non) and the home read program will start in December as well.
