***Home Reading Program-** The Home Reading program will be starting this month. The Home Reading books will be sent home every Friday and must also be returned every Friday. Please keep the books for the whole week, to read, and reread with your child. Once books are returned, they will be placed in isolation for 72 hours, before being redistributed to other families. The number of books will be smaller than previous years, as well there will be no “reading log” binder attached. **If, you are not comfortable with the traditional home reading program, please notify the teacher as soon as possible.**

***Raz-Kids-** I will be signing our class up for a Raz-kids subscription for the year. This is an online reading program, with levelled readers, and reward incentives. The teacher can also monitor individual child development and adjust levels for continued success. Login information to follow.

***S.T.E.M. Program-** we are very excited to be participating in the S.T.E.M. (Science Technology Engineering Math) Program this year. Our lead teacher will be Miss Alana Kras, who will be visiting our classroom with many amazing and innovative activities.

***Scholastic Book Orders-** all book orders will be online this year. More information to follow.

***Independent Toileting Skills-** this year, more than previous years, it is extremely important that all children within the Full Time Kindergarten Program **must** be able to independently toilet themselves. This includes wiping themselves after a bowel movement. It is very important that you help your child develop and master this skill. Of course, accidents do happen, so please make sure you send a complete change of clothes (top, pant, underwear, socks) to be kept at the school. Thank you!

***Attire-** here in Kindergarten, we **will get dirty/messy**. We will be busy exploring, creating, and learning, working with paint, glue, food colouring, soil, bingo dauber, shaving cream and much more. Many of which can stain clothing. We do attempt to take every precaution available, to help ensure no staining,

however we are not always successful. Please do not send your child to school in clothes that can not get dirty. Getting messy is half the fun! Thank you!

***Outside Exploration**- our Kindergarten class will participate in 100 minutes of outside exploration every day, all year long. Please make sure your child is dressed for the weather! Layering clothing is best, to ensure your child is not too hot or too cold. Rain boots are a must for rainy days and wet seasons.

***Physical Education/ Health**- this year our class will have gym/ health every Day 2 and Day 4, with Mr. Jerez. Please make sure they have a pair of proper running shoes that can be left at the school. **These shoes can also be their necessary "indoor shoes"**.

***Innovative Space**- this year our class will be having innovative space/ computers within our classroom twice a week. The computers and tablets will be coming to us. There will be no library book exchange this year due to COVID-19.

***Fire/ Lockdown Drills**- it is mandatory that the entire school participate in fire/ lockdown drills occasionally. These drills are handled in the most comforting and reassuring way possible for all students. A tremendous amount of preparation work is done prior to any drill, to help alleviate any possible anxieties a student may have. If you have any questions or concerns, please call the office.

***Backpacks**- if possible, it is best if your child has a **full-size (large) backpack**. There are many creations that will be coming home, as well as lunch pails and water bottles. During the winter months, there is also scarves, hats, and mittens.

Please note:

Due to COVID-19, it is highly recommended that nothing but essential school items (lunch pail, water bottle) be within the backpack. No toys, stuffed animals, key chains, or blankets are allowed. This is to help stop the spread of germs and virus' traveling between home and school. Thank you for your cooperation!

***Donations**- this year the school is not asking for "classroom" donations due to COVID-19. However, if you would like to send in an individual Kleenex box, with your child's name on it, it will be placed on your child's desk. Thank you!

***Expectations of Behaviour**- it is important to realize, especially this year, that rules and routines are necessary to help keep all the students within our classroom and school safe, happy, and healthy. Please help us by reviewing and reminding your child of proper behaviour expectations. Please review the following:

- * keep your distance from others
- * follow the posted signage
- * wear your mask, avoid touching your face
- * proper hand washing, especially after using the washroom
- * keep hands off others, and other people's belongings
