

November

Wow it's NOVEMBER! Well we are doing so much and working so hard! We are going to begin goal setting each Monday morning to help us all keep on track and feel successful. A lot of the students have been earning their rewards and we've had two class rewards as well.

Math: We are finishing up division over the next week or two and moving onto Data Management.

Literacy: We've just finished up writing series of letters and paragraphs. We are now going to move into studying advertisements, poetry and continue with focusing on our voice and organization.

Science: Finishing up our final inquiry projects this month.

Grade 5- Effects of Technology on the human body.

Grade 6- Effects on biodiversity because of humans.

Social Studies: Looking at Canada as a global partner and studying various issues locally and the world.

Visual Arts: Finishing up line.

Health: Looking at advertising and nutrition labels. Beginning our healthy eating cooking workshops.

Phys Ed: Strength training and basketball skills.

Religion/ Family Life: Looking at scripture and how we work together to build community as Jesus did.

Innovative Space: Looking a various news articles, typing up projects, working on passion projects.

Upcoming Events:

November 9: Remembrance Day Service

November 13: *Crunch Day!* Send in a donation to help support Brant Food for Thought program that we will be starting in the new year.

We are getting some yummy apples that day to show our support.
